

Topping Off:

Every successful building project culminates with the “topping off.” In this case, **The Comprehensive Plan** will result from the “preliminary construction” work.

With a solid foundation in place, the district will have the resources to create a blueprint for long term goals, **The Comprehensive Plan**.

CSD Pride

In Centennial School District, we celebrate our many accomplishments through our CSD Pride. Now it is time to take our district to new heights. It is with excitement that we formulate our long term goals to build upon our current success. On behalf of the Board of School Directors and District Administration, we are proud to introduce the *CSD Framework for the Future*.

Excellence is never incidental, but is the result of a strong vision, clear mission, tremendous effort, and effective teamwork. The *Framework for the Future* positions Centennial School District to leverage capacity and focus on excellence. We ask all members of the Centennial community to partner with us as we create the blueprint to exceptional learning environments – it will be a fantastic journey!

CENTENNIAL SCHOOL DISTRICT Framework for the Future

A District on Solid Footing Begins with a Sturdy Foundation: The Essentials

Leadership Team Support and Participation

- Board of School Directors, Administrators, Centennial Education Association, Support Staff Advisory and Parent Groups are key players in the process.
- As teams collaborate, the focus is always on students first with attention to clear priorities, fiscal responsibility and respect for all.
- Team priorities include: long term goal setting, effective practices, communication, policies, procedures and teambuilding.

Dynamic Educational Programs

- A vibrant, aligned K-12 curriculum
- Academic programs that are responsive to students' skills and talents.
- Instruction that effectively addresses students' needs.

A Positive School Environment that Creates an Optimal Setting for Teaching and Learning

- Promote respect, support and understanding among students and staff to create a safe, nurturing school environment.
- Include bullying prevention, conflict resolution and effective communication programs.
- Engage students who are disconnected with learning or the school culture.
- Increase resources for families in need.

Innovation to Inspire

- College and career pathways that promote more learning opportunities
- Centennial Virtual Academy
- Digital learning resources for students
- STEM enrichment
- Partnerships and student internships
